

PAVILION RULES:

The Pavilion is not reserved for anyone. It is a first come, first served area of the Club. Any member may use the pavilion during another members' event.

We list people's gatherings in our office calendar book only to inform other people who may want to have an event that same day. Please call the office to let them know of your intent on use of the pavilion, date, time and number of people.

Members bring their own beverages and food. If a keg is requested, please contact our Event Manager for ordering.

All Guests must park outside the gate.

If a Club event is scheduled for the pavilion, that takes precedence. No other party can be scheduled on that date.

Members must clean up after themselves. Yard guys periodically check garbage during the summer and clean up trash in the morning. However, anything left by Members (such as utensils, etc.) are thrown away.

Members may have music as long as it does not run too late and does not interfere with any other member functions.
